

EASTWARD HO!

2020 Summer Internship

Eastward Ho! Is a private 18-hole Herbert Fowler design located on the coastline of Cape Cod. Built in 1922 the course boasts unique architecture that follows the topography of glacial moraines.

Interns work closely alongside the Superintendent in all aspects of turf maintenance. This position requires a professionally driven individual who operates with the highest expectations and efficiencies. Strong organizational skills are required as it relates to scheduling, budgeting, record-keeping, and leadership. Required to lead seasoned crew through projects, applications, and daily operations. Individual understands the requirements and demands of turf maintenance at a high-level private facility.

We are seeking individuals that understand what it takes to be the best.
