

Glen View Club Internship Program

Glen View Club is searching for self-motivated individuals looking to advance their careers through hands-on experience and education. Glen View Club is a prestigious private club located in Golf, Illinois, a north suburb of Chicago, just a short drive, or train ride to the city. The club is known for its rich history as the second oldest golf course in the Chicago area, being established in 1897. It was the home of the first Western Open in 1899, and also hosted the 1902 U.S. Amateur, and 1904 U.S. Open.

Glen View Club is an 18-hole facility that also has tennis courts, a pool, paddle courts, a skeet shooting range, and an ice skating pond in the winter. Interns will be involved in maintaining all components of the property. Additionally, an intern can expect to gain hands on experience and insight into water management, implementing and executing a course wide pest management program and fertility program, troubleshooting and fixing irrigation, managing crews, and working closely with the superintendent and assistants in all other aspects of golf course maintenance.

Specific projects for the 2018 season will include course preparations for the 2021 Western Amateur, installing a new irrigation system, improving the drainage system throughout the course, re-grassing rough areas, and expanding fairways.

Interns will be provided housing, meals, uniforms, golf privileges, and will be sent to volunteer at a tournament.

Please send resumes, cover letters, or any questions to Brian Moore at brian@glenviewclub.com
